- Fullmoon Outdoor** | *Developer (Full-time)* Jul 2017 – Jul 2018
- Developed websites and customized themes with **PHP/WordPress**; provided Search Engine Optimization (**SEO**).

🔑 PROJECTS

- Corza** | *Surgical technologies (Shopify Hydrogen, B2B)*
- Large B2B storefront for quality surgical products.
 - Role:** Set up the **CI/CD pipeline** and **AI-assisted dev workflows**; built robust **test coverage** and technical docs.
 - Built the **B2B storefront UX/UI**, turning complex requirements into clear purchasing experiences.
- Spanx** | *Women's shapewear (Shopify Hydrogen)*
- Globally known, high-traffic DTC brand with complex product listings.
 - Role:** Re-engineered complex product listings into intuitive **UX/UI**; maintainable, **performance-first** code for high traffic.
 - Drove **AI-assisted workflows** across architecture, development and testing.
- Turtle Beach** | *Premium gaming (Shopify Hydrogen)*
- Global gaming brand: 1 storefront powered by 4 Shopify backends.
 - Role:** Unified **4 Shopify backends** in one codebase; integrated cross-border **sales channels**; built complex landing pages/PDPs.
- Solo Brands** | *DTC lifestyle brands (Shopify Hydrogen)*
- 3 DTC brands running on 1 codebase.
 - Role:** Architected the **shared codebase** and **component UI library**; integrated a **CMS + Shopify metaobjects** for per-brand content.

🎓 EDUCATION

Informatics College Northgate | *Bachelor of Science in Information Technology* Jun 2014 – May 2017

🌟 CERTIFICATIONS

Shopify Apps Development • Liquid Storefront • Headless at Shopify for Developers
